

# Join the Challenge!

At Osprey Software, tackling big challenges and building innovative software solutions is what we do best. Our team has a proven track record when it comes to designing and delivering mission-critical software to world-class companies across a variety of industries.

WHO WE ARE	WHAT WE DO	HOW WE DO IT
Innovators	Custom software solutions	Microsoft™ technology stack
Problem solvers	New product development	Agile Lifecycle
Collaborative team players	Mission-critical tools	Cross-platform mobile
Passionate software developers	Mega-scale design	Responsive web design

✦ *Join our team in Waltham, MA and Albany, NY.* ✦

**Software Architects**  
**Software Engineers**  
**Business Analysts**  
**QA Analysts**  
**Project Managers**

Osprey Software has done a great job of making me feel like I'm part of the team. Everyone is approachable and willing to take time out of their busy day to help each other out. I feel very empowered by—and confident in—my teammates, which makes for a great work environment.

— JH, Junior Software Engineer

Not only have I expanded my skill set while working at Osprey, but I've gained the satisfaction of knowing that my efforts have directly contributed to the achievement of broader corporate goals. It's exciting to be part of a team that designs and delivers high-quality solutions to world-class customers every day.

— MJ, Client Services Team Lead
