## Software Engineer

*Albany, NY or Waltham, MA*

Osprey Software Development is a leading software application development firm specializing in the architectural design and delivery of complex business solutions. We focus on ensuring that our client's mission critical business applications result in a substantive business outcome, through a distinctive combination of architectural expertise, business knowledge and proven technology.

### POSITION SUMMARY

We have a great opportunity for a full-time **Software Engineer** to work in the Albany, NY or Boston, MA area. In this role, you will be responsible for designing, developing and implementing applications, as required, to support our technical capabilities.

### SPECIFIC RESPONSIBILITIES

- Participate in the full software development lifecycle: requirements gathering and definition, detailed design, implementation, creation/maintenance of unit/integration testing and documentation of all work for the assigned application, functional area or project
- Participate in task planning for the assigned application, functional area or project
- Participate in problem solving for the assigned application, functional area or project
- Work within a team to ensure the quality of coordinated business functions, by working out of Osprey offices and/or client offices

### RELATED EXPERIENCE

- Demonstrated expertise in MS .NET; C#; database technology (SQL Server preferred); Object Oriented development/UML
- More than 2 years of experience in relevant technologies
- Strong analytical and problem-solving skills
- College degree or equivalent work experience
- Ability to effectively communicate verbally and through writing to all levels at Osprey and the client organization
- Exceptional customer service attitude and interpersonal skills

### EXPERIENCE A PLUS

- Windows Communication Foundation (WCF)
- ASP.NET MVC
- Windows Presentation Foundation (WPF)
- Mobile site and Native App Development

We offer an excellent compensation and benefits package and an opportunity to learn, grow and contribute in a stimulating, fast-paced environment where individual contributions are recognized and rewarded.
